Professional Summary

UI/UX Designer working freelance since May 2025, with experience designing web and mobile interfaces, user flows, wireframes and interactive prototypes. Combines user-centered design with graphic design and responsive front-end development using HTML, CSS, JavaScript and Tailwind CSS. Completed UI/UX training at DEPI and UI/UX development training at ITI. Currently pursuing a master's degree in Computer Science.

Professional Experience

Freelance UI/UX Designer

May 2025 - Present

- Design website and mobile interfaces, translating project requirements into user flows, wireframes and high-fidelity designs in Figma.
- Create interactive prototypes and refine interface layouts, visual hierarchy and responsive behavior.
- Redesigned and developed a client business website through Mostaql using Figma, Salla, HTML, CSS and JavaScript.

Training Experience

UI/UX Developer Trainee | Information Technology Institute (ITI)

January 2026 - July 2026 | Completed

- Built responsive front-end projects using HTML5, CSS3, Bootstrap, Tailwind CSS and JavaScript.
- Implemented dynamic interface behavior using JSON and Local Storage, including an e-commerce candle storefront.
- Collaborated with teammates across the UI/UX design process for Junior Connect, including user flows, wireframes, interface design and prototyping.

UI/UX Designer Trainee | Digital Egypt Pioneers Initiative (DEPI)

November 2024 - May 2025 | Completed

- Collaborated on Schoolaria across UX research, personas, user flows, wireframes, high-fidelity interfaces and prototyping.
- Designed web and mobile experiences for discovering scholarships, training programs and learning opportunities.
